BARASTOC

MILK REPLACERS

PALASTART LAMB & KID

Barastoc Palastart Lamb & Kid is a unique, highly palatable milk replacer containing soluble molasses powder. It is specially formulated to replace fresh milk in a lamb or kid's diet after colostrum feeding and through to weaning, with higher fat levels for the increased energy demands of growth and early weaning.

WHAT WILL IT PROVIDE MY LAMB OR KID?

Protein	High quality protein with added amino acids to assist in muscle and bone development.
Vitamins & Minerals	Fortified with vitamins and minerals essential for healthy growth and development.
Prebiotics & Probiotics	Contains a mannan-oligosaccharide enriched yeast extract to enhance the growth of beneficial gut bacteria and a live yeast to help maintain beneficial gut flora and to optimise rumen function and nutrient absorption.
Molasses	Soluble molasses powder to improve palatability.
