USING INGREDIENTS SOURCED  
FROM AUSTRALIAN FARMERS.

## WHAT'S IN IT?

INGREDIENTS SELECTED FROM THE FOLLOWING: Cereal Grains and Processed Cereal Grains, Legumes, Animal and Vegetable Protein Meals, Whey Power, Fats and Oils, Salt, Ridley Vitamin and Mineral Premix, Essential Amino Acids, Enzymes, Acidifiers and Zinc Oxide.

## FEEDING GUIDE

Feed *ad libitum* to piglets from weaning at 4 weeks of age through to the growing phase.

The piglets can be transitioned either onto Barastoc UltraWean 250 in the early growing phase (8 – 9 weeks of age) or onto Barastoc Pig Grower from 11 weeks of age.

Keep the feed as fresh as possible and remove any spoiled feed from the feeders to encourage optimal intake.

Ensure that piglets have access to clean, fresh water at all times.

This feed has been formulated specifically for animals as described on the package, or the label attached to the package, and must not be used for other species of animals.

THIS FEED IS UNSUITABLE FOR HUMAN CONSUMPTION.

**This feed contains Restricted Animal Material. DO NOT feed to cattle, sheep, goats, deer or other ruminants.**

The information provided in this specification is exclusive to the product identified and is accurate at the time of writing. The manufacturer accepts no responsibility if this feed is used in quantities, conditions or in any way other than in accordance with the manufacturer's recommendations.

### STORAGE REQUIREMENTS

For optimum quality and shelf life, product should be stored below 30°C and off the floor in a cool, dry, well ventilated area protected from direct sunlight.
